Guidelines for outdoor worship at Christ the King:

- If you are feeling sick in any way, please worship at home.
- **Bring your own hand sanitizer.**
- **Masks are recommended** except when taking communion.
- **Please bring a plate or tray to receive your communion container.**
- Arrive early enough that worship can begin as close to 9:30 AM as possible.
- There will be one-way traffic: You are asked to enter the parking lot from the Dodge Middle School driveway, and to exit onto Ravenna Road.
- Some paper bulletins will be available, but use the digital copy on your smartphone when possible.
- You will be directed to a numbered parking space. Please watch for youngsters who might be inclined to wander when cars are still entering the parking lot.
- All cars are to face the building.
- Pastor Matthew and the worship leaders will lead worship from under an awning by the main church entrance.
- You may worship in your car or you may bring a lawn chair to set up within your marked parking space.
- Worshipers are asked to remain at least six feet away from other families.
- To eliminate physical contact, there will be no handshakes, hugs, sharing the peace, or children's sermon.
- If you bring your offering, please place it in the church's outside mailbox as you exit onto Ravenna Road. Consider mailing your offering or dropping it off at another time, as many of you are doing already.
- Communion will be distributed in sealed packages containing a wafer and grape juice. Each vehicle will be given one container per communing worshiper. Specifics of the distribution are being worked out.
- If you prefer to sit in the grass, please remain distant from other worshiping groups.
- **Restrooms will be open for emergencies only.** Please go before you leave home!
- Service will take place unless SEVERE weather is forecast. Bring an umbrella if it's going to be wet or sunny and hot.

June 26, 2020

Procedures for the services may change as the staff experiments with these protocols.
