50 Reformation Quotes

42 - "The ecumenical movement has altered the orientation of the churches' perceptions of the Reformation: ecumenical theologians have decided not to pursue their confessional self-assertions at the expense of their dialogue partners but rather to search for that which is common within the differences, even within the oppositions, and thus work toward overcoming church-dividing differences." —The Lutheran-Roman Catholic Commission on Unity

To commemorate the 500th Anniversary of the Reformation, CtK is reprinting these 50 Reformation quotes as published in Living Lutheran.
